CIRCLE News - Fall Equinox 2011

What's New

It is with some sadness that we convey to you our decision to sell Shequaga. After 12 years and many amazing connections with the land, the work and financial requirements have become too much for the small dedicated group that has kept it going all these years. Hopefully we will be able to sell it to a like-minded group that will continue to make it available for retreats and rental. If you know of any group that might be interested, please let us know. Cycles begin and complete and begin again. We will be having a last workday, Fall Festival, and final ceremony at Shequaga on October 23rd. Bring a dish to pass. Hope you can join us.

On a happier note, summer arrived (and is almost gone) and we are being drawn into the fall with its growing dark womb of new seeds of possibilities. Wishing you all gentle and powerful transformations as we journey through this amazing time together.

Chakra teachings, Reiki Teachings, and Energy Awareness Development

Energy flows around and through all beings and all things. By learning about energy children may gain more self-control and compassion toward themselves and others. Many children are very sensitive to energies, which makes them feel more empathy toward others and especially animals. Other children are easily overwhelmed and try to hide, or react negatively to the energies around them.

We will guide you and your children in understanding how energy affects you now, and how to enhance the positive aspects of energy. We will answer your questions about energy when you email the questions to me ahead of time. Our monthly program will include a variety of guest teachers, who will provide dance and artistic methods of working with energy.

Greater health is possible when you balance the flow of energy in and around you. Reiki energy teachings and attunements will be included in the program.
